

# Wild Camping

6B

AT THE EDGE MOUNTAINEERING  
"Your greatest failure is not to try"

Dartmoor / Snowdonia / The Lake District | 0900 – 1630 | 2 Days

## INTRODUCTION

This course is ideal for anyone who wants to extend their day walks and possibly progress to multiday expeditions in the hills and mountains and/or be aiming to complete a long-distance path. The 2 days of the course will see us heading into the mountains on a 2-day mini expedition, putting your navigation skills to the test and discovering the world of wild camping.

## PREVIOUS EXPERIENCE

You do not need any previous experience however some knowledge of hill walking is beneficial and fitness to spend 2 days walking in the mountains with an expedition rucksack.

## COURSE CONTENT

- Two days of navigation included
- Variety of kit and equipment needed for wild camping
- Selecting and cooking food suitable for wild camping
- How to pack and carry an expedition rucksack
- How to select and set up a suitable campsite
- Leave no trace
- Environmental impacts of wild camping
- Access and laws surrounding wild camping

Prior to the course start date, I will send you an information pack which will include a buying guide and meal planner.

# WHY CHOOSE AT THE EDGE MOUNTAINEERING

---

## **Our Values and Ethos**

Our ethos is to inspire you to get out and start enjoying the hills, mountains and crags of the UK. We want to help develop your skills and see you progress towards becoming an independent hill walker, mountaineer and/or climber. Mountaineering and climbing is our passion! Our instructors radiate this passion and we want to share this love of the mountains and crags with you too.

## **Flexibility**

Our 'course content' gives you an idea of what we will cover on the day, but this is not a set-in stone list. At the beginning of a course, our instructors will ask what you want to achieve by the end of the course and will endeavour to achieve this for you. If you and the group pick up the skills early on, there is no reason why we cannot progress and teach you more. And course timings are flexible too. We will aim to finish around 1630-1700 on most of our courses, but if you have no plans after the course and the weather is good, why rush going home.

## **Quality Instruction**

We strive to give you the best possible experience on every course! We want you to learn as much as possible in a safe and comfortable environment and offer an action-packed day in the hills and mountains and on the crags. Our aim is for our instructors to transfer their passion for the outdoors to you.

## **Experienced Instructors**

All of our instructors are qualified mountain leaders and rock climbing instructors as a minimum, members of professional associations, first aid trained and fully insured. Our instructors experience stretches from climbing on the Tors of Dartmoor to ski mountaineering in the Alps! We have intimate knowledge of all the areas our courses are based and have spent many days, weeks and months personally climbing, walking and training in these areas.

## **Friendly Atmosphere**

From the moment you first meet your instructor, you will be welcomed into a friendly and relaxed environment. Our aim is to make all our courses as friendly and relaxing as possible. Whilst you learn new skills, we want to find out more about you and get to know you too! And vice versa. Get to know your instructors and fellow course mates and make new friends to enjoy the hills, mountains and crags with.

## BRIEF ITINERARY

---

### **09:00**

After our initial meet and greet, we will check our kit to ensure we haven't forgotten anything and that it is all suitable for Wild Camping in the conditions of the day. We will have a discussion on what kit and equipment everyone has chosen to further our understanding of what is available on today's market and its pros and cons.

### **10:00**

After, we will pack our kit, adjust our rucksacks and plan our short route for the afternoon, looking at suitable areas to camp.

### **11:30**

During the day, we will go through navigation training depending on the groups level and abilities.

### **17:00**

Once at our camp site, we will set up camp and cook dinner. There will be the option to go out on a night nav.

### **07:00 – 15:00**

The morning will see us cook breakfast, strike camp and continue our expedition, finishing back where we started.

## WHAT'S INCLUDED?

---

- Planning.
- Organisation.
- Resources.
- Specialist equipment (if required).
- Delivery of the course and instruction.

## WHAT'S NOT INCLUDED?

---

- Transport to and from course location.
- Accommodation.
- Personal kit and equipment.
- Your own personal holiday insurance to cover you for damages/accidents/travel delays etc.
- Food and drink

You will need to provide your own:

- Expedition rucksack (60 litres)
- Tent (*3-season, suitable for UK wild camping*)
- Sleeping bag (*Mummy style, Comfort rating of 0°C*)
- Sleeping mat
- Stove & fuel
- Food

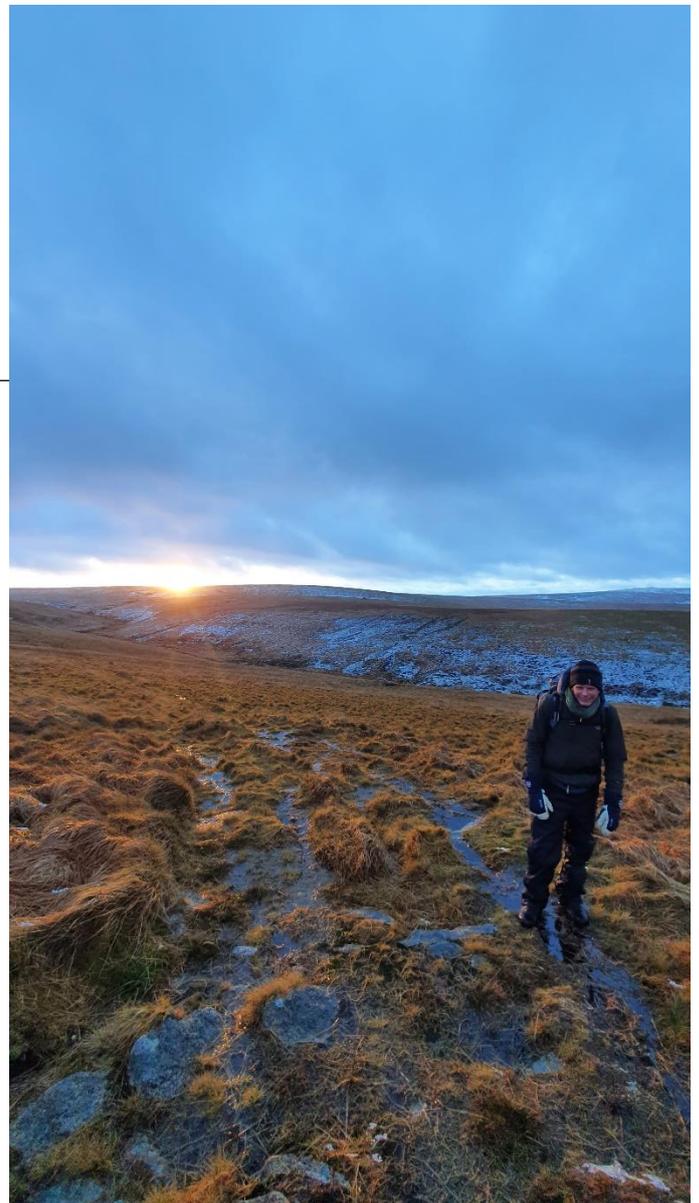

At The Edge Mountaineering cannot provide the above equipment. However, if you are booking as a group, tents and stoves can be shared between you.

You will also need to shop for food the night before. There may be time in the morning on Day 1 to pick-up last-minute supplies.

## INSTRUCTORS

---

All of our instructors are qualified Mountain Leaders who are members of the Mountain Training Association (MTA).

## MAPS/BOOKS/RESOURCES

---

Prior to your course, you may want to buy your own maps, navigational aids or do some home learning. Below is a list of resources that you will benefit from before attending your course:

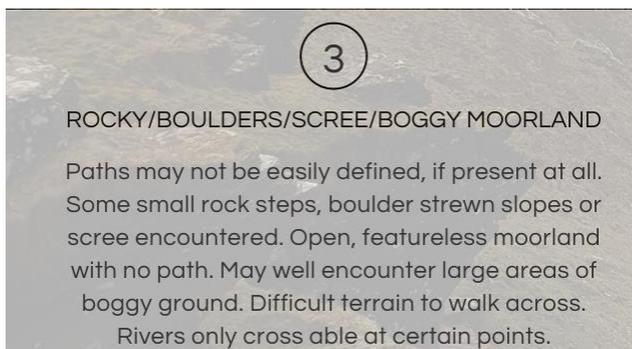

- Harvey Maps – Superwalker XT25
- OS Maps - Explorer 1:25 000 scale
- 'Navigation in the Mountains' - Carlo Forte
- 'Hill Walking' – Steve Long
- [www.shavenraspberry.com](http://www.shavenraspberry.com) (Navigational aids)
- [At The Edge Mountaineering Online Navigation Course](#)
- [At The Edge Mountaineering – Navigation Resources Page](#)

## COURSE GRADING AND FITNESS – 6B CHALLENGING

---

How this course is graded:

### TERRAIN

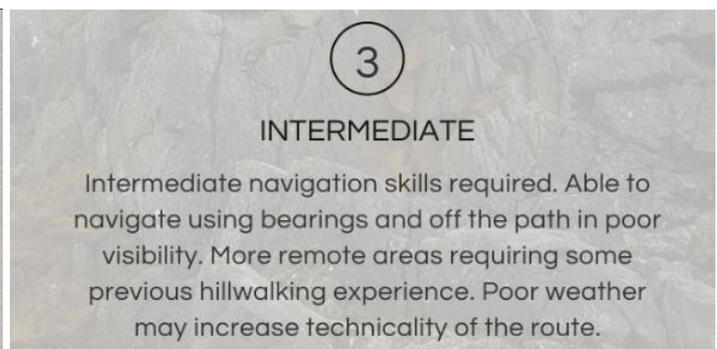

3

ROCKY/BOULDERS/SCREE/BOGGY MOORLAND

Paths may not be easily defined, if present at all. Some small rock steps, boulder strewn slopes or scree encountered. Open, featureless moorland with no path. May well encounter large areas of boggy ground. Difficult terrain to walk across. Rivers only cross able at certain points.

### TECHNICAL

3

INTERMEDIATE

Intermediate navigation skills required. Able to navigate using bearings and off the path in poor visibility. More remote areas requiring some previous hillwalking experience. Poor weather may increase technicality of the route.

### FITNESS

B

GOOD LEVEL

Up to 8 hours of walking with a rucksack carrying all hillwalking essentials across rough terrain. Between 10km - 18km. Largely pathless terrain in more remote areas covering rugged terrain. Possible small rock steps to negotiate. Ascent of 700m - 1000m mostly over rocky terrain.

## HOW TO BOOK & CONTACT

---

If you would like to book a place on this course, either send us an email or head to our website and pay online. A non-refundable 25% deposit will secure your place. For online bookings, you can either pay in full via Paypal or select Manual Payment. You will receive an email confirmation and we will then send you a booking form and invoice with payment details.

If you have any other questions, check our [FAQ](#) page or feel free to send us an email and we will aim to reply within 24 hours.

## EXTENDING YOUR COURSE / BESPOKE & 1:1 BOOKINGS

---

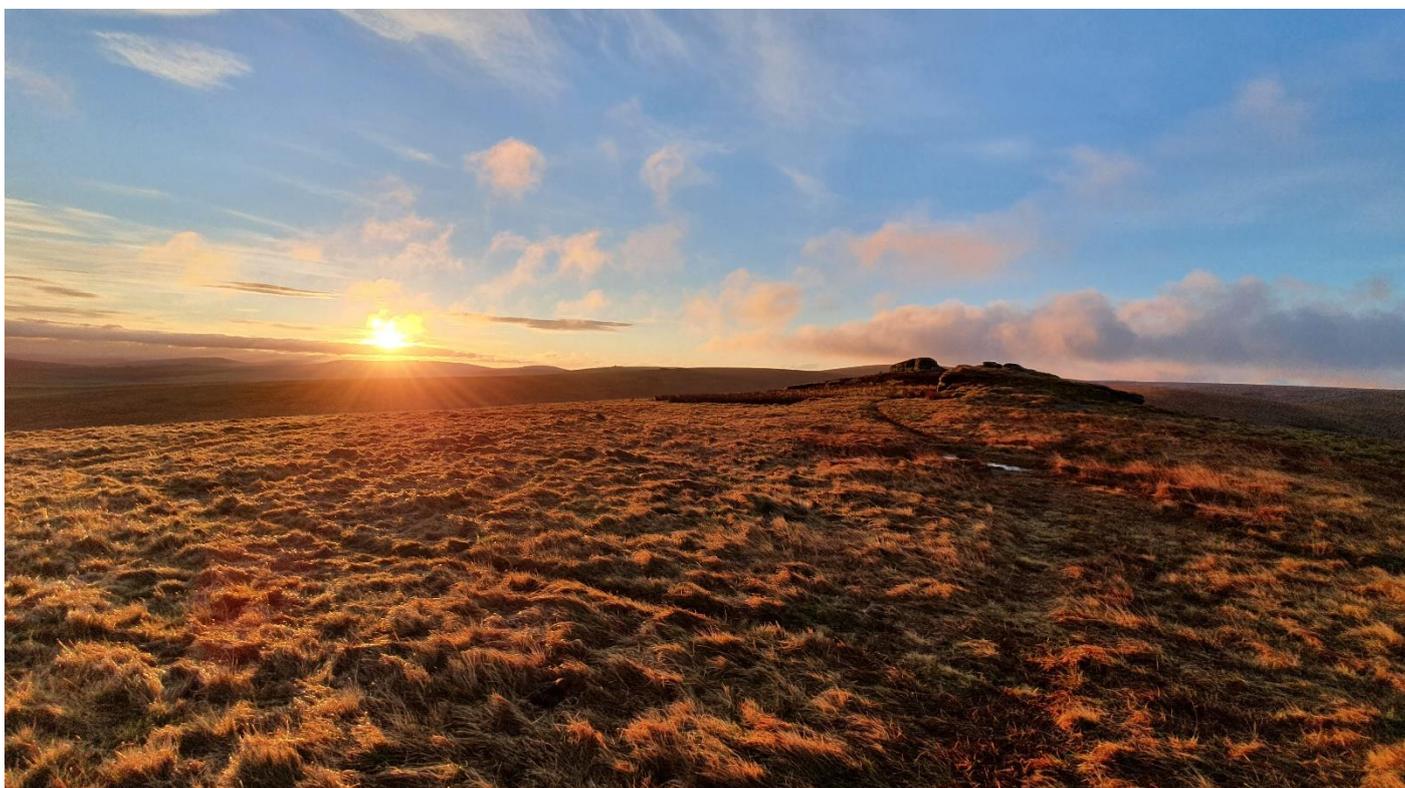

Do you have a thirst for more? Do you want to develop a certain area of your navigation? After attending one of our courses, you may wish to further develop your skills with a day of private instruction. These will be bespoke days, tailored to you, your aims and what you want to focus on and achieve. Private/bespoke days after a course are a great way to really develop your skills and progress at your pace, under the watchful eye of a qualified instructor.

Chat to your instructor during your course about private instruction days following your course or get in touch with us via email:
